FULL SCRIPT — WORD FOR WORD

=====

Log aksar poochte hain — Char Dham ka itinerary kaise banta hai?

Toh aaj main aapko dikhata hoon... main khud kaise plan karta hoon.

Sabse pehle — starting point. Haridwar se Yatra shuru hoti hai, toh pehla din sirf travel ka hota hai. Rest karna zaroori hai, seedha darshan ke liye nahi bhagte.

Uske baad, route decide hota hai — Yamunotri, Gangotri, Kedarnath, Badrinath. Order isliye important hai kyunki altitude aur weather dono change hote hain.

Har jagah ke beech mein ek rest day rakhta hoon. Log jaldi mein poore Char Dham ek saath karne ki koshish karte hain... aur wahi sabse zyada thakaan deta hai.

Weather bhi dekhna padta hai — kabhi road band ho jaati hai, kabhi darshan ka time change ho jaata hai. Isiliye plan mein thoda flexibility rakhna zaroori hota hai.

Yeh sab dhyan mein rakh ke... tab jaake ek proper itinerary banta hai.

Bas itna hi hota hai peeche ka kaam... jo trip smooth banata hai.

Notes:

- Tone poore video mein **calm aur informative** rakhein — hard selling nahi.
- Real **printed itinerary clearly visible** honi chahiye aur poore video mein physical prop ki tarah use ho.
- Script mein jahan "... " diya hai, wahan naturally pause karein — lines ko jaldi-jaldi deliver na karein.
- Closing line aggressive nahi honi chahiye — video ko sirf "**smooth trip**" wali line par end karein.
